The Chairman's Statement 2015/16

It is my honour to present to members the 2015/16 Annual Report of the Council. The year of 2015/16 was a very challenging year. The Council made the following achievements:

(1) 2015/16 Civil Service Pay Adjustment

The gross pay trend survey indicators were 5.28%, 5.69% and 4.90% for the upper, middle and lower bands. After reduction of the payroll costs (1.09% for upper, 1.01% for middle and 1.82% for the lower salary bands), the net pay trend survey indicators became 4.19%, 4.68% and 3.08% for the three bands respectively. The intrinsic deficiencies of the pay trend survey such as: under-reported remunerations, unverified truthfulness of the data collected and the inaccuracy of the data remained un-addressed.

The Acting Chief Executive (CE)-in-Council decided on 14 June 2016 that civil service pay for 2016-17 should be adjusted by: (a) a pay increase of 4.68% for civil servants in the lower and middle salary bands; and (b) a pay increase of 4.19% for civil servants in the upper salary band and the directorate.

(2) Extension of the Service/Retirement Age of Civil Servants

The Hong Kong Senior Government Officers Association (HKSGOA) has submitted our views on the consultation paper on "*Extension of the Service of Civil Servants*" on 2 August 2014. The HKSGOA believes that in planning for the solutions, the basic principles must be followed:

- (a) The level of public service should be maintained in all fronts.
- (b) There should be flexibility in the retirement age, i.e. from the age of 55-65.
- (c) Rigorous succession planning and systemic training.

CSB was still finalizing the details of implementation guidelines for the adjusted mechanism on further employment. The revised arrangements for processing applications for final extension of service of not more than 120 days have taken effect since 25 February 2016.

(3) Conditions of Service of Civil Servants on Different Terms of Employment

The HKSGOA is of the opinion that Government should take care of the sentiments of officers appointed on new civil service terms given their less favourable employment package by introducing measures to help them achieve self-enhancement and uphold staff morale.

The HKSGOA has organized seminars to seek view from officers on new civil service terms

concerning the conditions of service of their posts.

We have asked the Administration to consider the viability of adopting the following measures to rationalize the employment benefits for all civil servants such as the provision of:

- (a) Honorarium for officers taking up extra duties from colleagues during the latter's temporary absence on vacation leave or study leave for one week or more;
- (b) Family leave;
- (c) Study leave for job-related self-arranged courses;
- (d) Well-structured and accredited training programmes;
- (e) Fast-track promotion scheme for potential high flyers;
- (f) Flexibility in working conditions such as allowing officers to work on part-time basis/ sharing jobs among officers; and
- (g) Post-retirement medical benefits for officers appointed on New Terms.

(4) Legal responsibilities of civil servants and legal assistance provided by the Government to its employees

In view of the increasing legal challenges faced by senior civil servants, HKSGOA has requested the Administration to clarify the present level of legal assistance made available to civil servants in cases involving their professional liabilities as well as civil and criminal court proceedings arising from their performance of official duties. The question raised is whether civil servants are being adequately and fairly represented at (i) the disciplinary inquires conducted by boards of professional bodies; (ii) hearings of committee of inquiry set up by the Government to investigate major incidents; and (iii) hearings of courts ranging from magistracy, court of first instance, court of appeal to court of final appeal.

The HKSGOA is particular concerned about cases charged with Misconduct in Public Office.

CHAN Sai-kwing, Chairman

October 2016

Report of the Council for 2015/2016

1. General

The Council was elected at the 55th Annual General Meeting on 23 October 2015 at The Mariners' Club, 3/F, 11 Middle Road, Tsim Sha Tsui, Kowloon. The Council in 2014/15 had full strength of members (i.e. 19 Council members plus 9 co-opted members) from various Government Departments. The Advisory Board composing of seven past chairmen continued to give invaluable advice to the Council on important issues in 2015/2016. Moreover, we were also supported by a pool of six Honorary Presidents, who would be consulted from time to time.

In 2015/16, the full Council met 13 times for regular monthly meetings to discuss matters of general concern to our members and to work out the best strategies for holding dialogues with the Administration on various issues. Moreover, there were other ad-hoc groups and subcommittee meetings to safeguard members' interest in pay and welfares. Details of these are given in the latter part of this report.

The HKSGOA is a constituent staff union in the Senior Civil Service Council (SCSC). We have directed our concerns to the Administration through the SCSC. The Secretary for the Civil Service has also taken extra efforts in listening to views of the staff unions through many informal channels.

The calculation of the payroll costs remains controversial in the annual pay adjustment.

To uphold the morale of civil servants there are three main issues that must be addressed:

1. Extension of the Service
2. Disparity in conditions of Civil Servants
3. Legal responsibilities of Senior Civil Servants.

These mark the main directions for our work in HKSGOA at present and in the near future.

2. Home Financing Scheme (HFS) / Home Purchase Scheme (HPS) / Rent Allowance (RA) / Private Tenancy Allowance (PTA) / Non-accountable Cash Allowance (NCA) Scheme

As per last year and in accordance with the latest mechanisms approved by the Finance Committee (FC), all the rates of HFA, HPA, RA, PTA and NCA are revised on 1 April and the revised rates effective from 1 April 2016 are set out in details in CSB Circular No. 3/2016.

3. Quarters Allocation Committee (QAC) **(position from September 2015 to August 2016)**

Two of our Council Members, Mr. Lee Fong-chung of DEVB, and Mr. Leung Siu-kong, Eddie of EPD represent the Association in QAC. Throughout the year, the Association has continued to monitor the allocation of quarters and the NDQ disposal programme.

In line with the pay adjustment (+4.19%) with retrospective effect from 1 April 2016 for officers on or above Master Pay Scale Point 34 or equivalent (i.e. including officers eligible for NDQ), the salary divisor for these officers other than judicial officers was increased by the same 4.19% from \$429 to \$447. As the above civil service pay adjustment did not apply to the judicial officers, the salary divisor of \$430 for these officers remained unchanged.

4. Pay Adjustment

The pay trend survey findings for 2015/2016 were released on 19 May 2016. The net pay trend indicators (PTIs) for the upper, middle and lower salary bands were 4.19%, 4.68% and 3.08% respectively.

Our Association and the Association of Expatriate Civil Servants of Hong Kong jointly submitted a pay claim to the administration on 26 May 2016. It was our view that the payroll cost of increments should no longer be taken into consideration for the civil service pay adjustment. Hence, the civil services pay adjustment for the upper salary band for 2015/16 should be 5.28% as indicated by the findings of the 2016 Pay Trend Survey. Eventually, the Acting Chief Executive-in-Council decided on 14 June 2016 for a pay increase of 4.19% for civil servants in the upper salary band and the directorate, and 4.68% for the civil servants in the middle and lower bands.

Nevertheless, there remains a long overdue re-vamping of the existing deficiencies in the mechanism of annual pay adjustment for civil servants: namely the haphazard weighting in the consideration of the relevant factors, the inaccuracy of the PTS which was operated on an honour system, the indiscriminate deduction of payroll costs for all civil servants, the confused pay adjustment from promotion and the annual pay adjustment in private sectors ...etc. It was our view that the shortcomings of the present annual pay adjustment mechanism should be rectified as soon as possible so as to uphold the morale of civil servants.

The 2015 Starting Salaries Survey conducted by the Standing Commission on Civil Service Salaries and Conditions of Service was completed in February 2016. The findings showed that there was a relative difference of -15% between the private and civil service in the QG8 (degree and related grades). We submitted our view to CSB that no change to be made to benchmark of QG8 so as to meet the objective to maintain an attractive remuneration to recruit, retain and motivate young graduates of suitable calibre in the civil service. Eventually, at the meeting of the Executive Council on 3 May 2016, the Chief Executive-in-Council decided that the starting salaries for all basic rank (including QG8) remained unchanged.

In 2016/17, the Pay Trend Review for 2016/17 will be carried out. It will be critically scrutinized by the Association.

5. The Standing Committee on Medical and Dental Facilities for Civil Servants (SCMDF)

The HKSAR Government, as the employer of civil servants, has a contractual obligation to provide civil service medical benefits to civil service eligible persons (CSEPs) which include the civil servants, retired civil servants, and their eligible dependents. This is not a 'benefit' as commonly and wrongly perceived but is part of the terms and conditions of employment of civil servants.

CSR 902: The treatment provided will be dictated by the medical necessity of the case. Every endeavour will be made to give officers and their families the **best available** medical attendance and treatment, but the medical officer in charge of the case has sole discretion as to the amount and the nature of treatment provided.

The Standing Committee on Medical and Dental Facilities for Civil Servants (SCMDF) was formed in 1979. Staff members include representatives from the staff sides of four Central Consultative Councils. Official side members include representatives from Civil Service Bureau (CSB), Food and Health Bureau (FHB), Hospital Authority (HA) and Department of Health (DH). Meetings are held quarterly. Recently a few important issues are being discussed:

Families Clinics

There are only four families clinics providing primary health care service for CSEPs, namely the Chai Wan Families Clinic, the Hong Kong Families Clinic, the Kowloon Families Clinic and the New Territories Families Clinic. There are altogether 32 consultation rooms responsible for taking care of roughly 522,000 CSEPs. The doctor to patient ratio is 1:16312. The provision of family clinic service is severely inadequate. As a result, the primary health care service for CSEPs is largely relying on the General Out-patient Services provided by the HA. There are widespread criticisms that the CSEPs are competing with the general public for stringent medical resources. The medical and dental facilities to CSEPs are regulated by CSB under CSR 902, as part of the terms and conditions of employment of civil servants. The staff sides stressed that the primary health care to CSEPs should be provided by Family Medicine service of the DH.

After many years of request, a new Fanling Families Clinic, originally scheduled to operate in 2015, was opened in March 2016. There will be 10 consultation rooms providing Family Medicine services for CSEPs. We hope that there will be more new families clinics in the near future to cater for the primary health care service to CSEPs.

An automated telephone booking system in families clinics was implemented recently. The system operates round-the clock at 39509600 and provides booking service in Cantonese, Putonghua and English. The existing manual telephone booking service remains unchanged.

Specialist Out-patient Services

The waiting time for new cases specialist services remains very long; the longest waiting is 129 weeks (Orthopaedics and Traumatology).

There were three HA hospitals providing specialist out-patients clinics for CSEPs, namely the Prince of Wales Hospital (9H Specialist Clinic), the Queen Elizabeth Hospital (L Bock) and the Queen Mary Hospital (Saturday Specialist Out-patient Clinic). The waiting time ranges from 0 week to 106 weeks.

Medical Expenses spent on civil servants

HA receives no direct funding from CSB except from the reimbursement of medical expenses applicable to CSEPs. Apart from the three specialist out-patients clinics exclusively for CEPs, HA provides similar levels of services to CSEPs as general public. Therefore, the only medical benefit to CSEPs is 'waived' fees and charges.

As HA was mainly funded by FHB, the services provided by HA would be dictated by the government policy instead of following the contractual obligation of CSR 902.

Waiting time for dental appointments

The average waiting time for dental recall appointment ranges from 12 to 13.7 months. We hope that the recall appointment can be shortened to 9 months as in the past. However, the waiting time for consultation for specialized dental services ranges from 5 months (Paediatric Dentistry) to 40 months (Prosthodontics). The long waiting time is unacceptable by the staff side.

Public Private Partnership (PPP) scheme

The feasibility pilot study of PPP scheme was explored by DH in order to improve the existing lack of service capacity of the HA and DH. The orthodontic service was chosen because of long waiting time and shortage of orthodontic specialists in DH. After years of waiting for the PPP scheme, the staff sides were astonished that the PPP scheme was found not feasible after the pilot study. The staff sides was hugely disappointed that the CSB has no sincerity in improving the medical and dental services by using the PPP scheme.

Medical Insurance

The imminent problem of long waiting time for medical and dental services cannot be solved as service capacities of HA and DH were saturated. We urge CSB to find short term measures like purchasing medical insurance for CSEPs to seek private treatment.

The future

The staff side stress that the medical and dental facilities for CSEPs are part of their contractual salary package. As CSEPs are competing with the general public for stringent resources, CSB should oblige to CSR 902 and find ways to alleviate the problem of long waiting time to a reasonable level. The staff side will monitor the progress.

6. Social Functions

The Association held its 57th Anniversary Ball at the BP International House on 18th December 2015 (Friday evening). More than 220 members and guests attended the Anniversary Ball and celebrated the 2015 Christmas in spectacular fashion through this wonderful event. The delicious western food, the enthralling music and all HKSGOA members have greatly contributed to the successful evening.

The next Ball is currently being organized by the Ball Committee. This will be our 58th Anniversary Ball and will be held at the BP International House on 16th December 2016 (Friday evening). Please earmark this marvelous event in your diary.

To promote our feel of belonging in the HKSGOA, the Executive Committee will plan social functions suitable for members and their families in the upcoming year. Social functions, such as trips to Mainland, gatherings, parties etc. will also be organized in 2016/2017. HKSGOA members and families are warmly welcome to join these functions and enjoy the gathering with other members.

Please note that all EC members' efforts are on a voluntary basis.

7. Office Administration

The Association continues to employ two part-time administrative assistants. The Association Office opens for business from 9:00a.m. to 5:00p.m. daily, Monday to Friday. A website is available to disseminate information to members.
